Fellow Voyageurs, Grandes: CO, IN, WY, MA, NV, NM, UT, SD, MD

October 12th 2021

There was much discussion on last week's letter concerning your game plan. Game plans work, think of it as a road map. There are often many roads to the same destination, each road suited for that particular traveler, use the one that works for you. In this case, use what game plan or map that works for your Grande.

Would you agree with me, a win or arriving at your destination requires a well devised **game plan**? Or map? So, what is your **game plan** or map for your particular Grande?

Here is the latest in Percentage to goal in **Region I: Utah**, ranked second, **nice job** at 88 percent to goal, need just two more! **South Dakota**, ranked fourth, at 72 percent, needing 67 more to goal. **Maryland**, at ranked at 24th, at 47 percent, needing 115 more to goal. **Nevada**, ranked 27th, at 44 percent, needing nine more to goal. **Indiana** ranked 38th, at 37 percent, needing 1365. **Massachusetts**, at 42, with 33 percent, needing 72 to goal. **Colorado** at 48th, at 17 percent, needing 63 to goal. **Wyoming** at 51, with a 13 percent, needing 25 to goal. **New Mexico** at 52, with 13 percent, needing 25 to goal. Last week Utah made total yardage in the game plan by 10. Excellent.

Colorado, you recently had two interested in joining the 40&8 one in Littleton CO and the other in Colorado Springs. Two more! That's something to fall into! Game plan here, get them invited, combine with another locale and get them in the 40&8.

Remember the incentive I expressed last week. For the **FIRST Grande that reaches 100 percent by October 29th**, I will pay for **one** Promenade Registration from that Grande. The next Grande that reaches 100 percent by **November 5th** I will pay for **one member** from that Grande's Banquet meal at Nationale Promenade in Green Bay WI next year.

If you need assistance in getting your membership roster, call or email me, if you need help coming up with a game plan, lets talk. You are all a talented winning team, let's get more on our team!

Where's your map and what's the game plan?

En Service,
Gena K. Keller
